J. CMS Policies & Evaluation Methods

Please read below and initial to indicate your organization's, (including faculty member's/author's, course director's, and planners') understanding of the attached CME policies, evaluation methods, and CME planning processes and your agreement to abide by and follow up with all required CME activity planning and compliance requirements, and the collection of participant data and information as follows:

*In order to analyze changes in the learners' competence or performance, the joint provider **MUST** administer the Chicago Medical Society's CME evaluation forms of a pre- and post-survey (attached). This step will allow CMS to track achieved desired changes and to perform an analysis as a result of the overall programs' activities/educational interventions. The data and information collected from this evaluation method will enable CMS to determine if its CME mission has been met and to conduct a program-based analysis to identify, plan and implement needed or desired changes for the overall improvement of its CME program.*

I agree to review and abide by all attached Joint Provider CME Policies while planning and presenting a CME activity and will incorporate the CME Joint Providership Pre- and Post-Surveys at the CME activity by announcing its purpose and distributing it to the physician learners. (Initial here)

Also, please indicate below if any additional evaluation methods will occur (only if applicable):
